

Outdoor and Family Activities

Professional River Guides

Canoeing • Rafting
Camping and Hiking

We are located in the middle of the North Fork of the White River's best canoeing waters. One day float to your cabin, the next day start here and we'll shuttle you back.

Also enjoy Missouri's largest population of wild rainbow trout & trophy brown trout, as we are located in the heart of the Blue Ribbon Management Area.

At "The Falls" on the North Fork of the White River

Our 350 private acres offer many Ozark hiking opportunities and adventures, featuring several glorious native and rare flora and fauna specimens, including the wake robin, black cohosh, and ferns of all species. Take a picnic basket on the 3/4 mile hike to Inspiration Point where you can relax on a park bench and enjoy the spectacular view of the North Fork of the White River. The trail is well marked and at a gentle enough incline for almost anyone to make the trip.

Beautiful, secluded cabins in a spectacular setting amongst the trees on an Ozark Mountain and on the banks of the North Fork of the White River (one of America's 100 Best Trout Streams) in the heart of the Blue Ribbon Trout Area.

The River of Life Farm offers several treehouse selections (as featured in the Wall Street Journal & St. Louis Post Dispatch, on Ozarks Watch Television, a feature in The Ozark Mountaineer magazine, Rural Missouri magazine, and the Today Show), cabins, log cabins, and lodging selections for the North Fork of the White River. We are the ultimate Ozark vacation location and one of only a few places in the world where you can stay in a "tree house" offering modern amenities, spectacular views, and secluded privacy. We can accommodate anything from the single fly fisherman in a secluded cabin to several groups, family reunions or corporate meetings. All cabins have fully equipped kitchens, bathrooms, air conditioning and river views.

THE LODGE
